DAG call - on w/ DOTUS + want to
conference w/ us

P - County is up in air over the competition

Scott Perry (PA) + Senator of

PA - Guy Vasquez - some of the very
calling

205K votes - more than ty law
votes - PD

- flooded the market w/ ballots

- 600K votes added

- 570K - for Biden

- few for me + lots of dead

0332 - flooded the market - all at
- multiple states also

Jim Jordan: fighter - win like
3rd world country.

Detroit - look at districts in MI

- was very close but not
Wayne City (Detroit)

- Call dropped ... ~ 3 numbers

- We have thousands of people who went in
to vote + was told you already
voted by absentee ballot

- people are angry - blaming DOS+ for inaction

- Statistically - election night it was
a draw dead

- somehow, overnight
the outcome changed
for all these ballots
showed up

- AZ, GA, PA ...

People won't have confidence in the
GA Senate race

GA, NV, AZ, MI - all corrupted
elections

People are complaining to him constantly

Thousands of people called their USAD, + FBI

DOJ failing to respond to legitimate
complaints / reports of crimes

PA - 5M votes in the state
(possibly true?) - but 5.25M votes - clearly fraud

GA - tape that shows fraud, ^{election} ^{circumstances}
- Kelly Freeman - Hucklester - did
the facility + then came back
w/ hidden ballots, under table...
- networks configured the tape +
saw them using the traps
repeatedly

"You guys may not be following the intended
the way I do"

Demand - then to "pull watches out

Don't even look at the alleged crimes
why - don't need to, it's obvious

FBI will always say nothing there
- leaders there oppose me, SAs support me

(11/10) - that whole thing, clergy...
- talked to Mr. Galt here
- also upset

- I made some bad decisions a leadership
there, but it was being under an
FBI illegal investigation - special thro.
stated never have been covered
- You figure out what to do
w/ Biden - people will
criticize the DOJ if this not
investigated for real.

- GA leg. is on our side - they want to bring
a case but the Gov won't let them

- Statistically responsible for me to lose
- Biden's had me at 100% on
election night - dropped to
32% in 4 or 5 hours - news program

- DAS - will look at whether have ^{not} ballot
in PA than registered voters - should
be able to check on that quickly
but understood that no DOJ
can't + won't snap it's fingers
+ change the outcome of the
election, doesn't work that way
- P: "Don't expect you to do it"

now, just say that the election was
was correct + leave the rest to me and
the R. Congressmen."

- (NDD) - Sir, we have done dozens
of mostly, hundreds of interviews
major allegations are not supported
by evid. development.

- GA/PA/MI/NU.

- We are doing our job. Much of
the info you're getting is false

- g MI - report says 68% error
rate - but reality is it was .0063%
error rate - less than 1 in 15K.

- OK fine - but what about the
others?

- PA Touch Boxes - we intended on
both ends - no ballots or
couldn't even ID the envelope

- OK, what I didn't want
that one - what about the
others?

- GA - looked at the tape, interviewed the Ws,
no suitcase (OK - but they looked like they
cutters left, no multiple scanning of ballots)

- Double voting, dead people, Indians getting paid. Lots of fraud.

- AZ - d of conf of 9K - clear was but
further

- Judge keep saying - where is the DAS?
Why are they not filing in this case?

- DAS/USD - he we are not
in a position based on the
evidence - we can act on
the actual evidence developed

- Told him flat out that much of the
what he is getting is false, + los
just not supported by the evidence
- we looked allegations but they don't pan out

- v - this is election turning fraud

"We have an obligation to tell
people that this was an illegal,
corrupt election."

- People need me Jeff Clarke is great, I should put
him

- People want me to replace DAS leadership in

RPD - No, but want chief to Dept position
- you should have the leadership you want

- You, Vick, should go to Fulton City + do a signature verification and you'll see how illegal it is. You'll find tens of thousands.
- More votes than voters.
- I told him in WI they were coming to 2020 votes cast to 2016 registrations #s - not a valid election
- "Nobody trusts the FBI" - need other to conduct
- "I'd like to request" - Fulton City, GA
- check signatures
- spirit years (miss - not this year)
- DAS responds: we will take into account
- These people who saying that the election isn't corrupt are corrupt
- Not much time left
- Asked for cell # - provided (he had it anyway) - may have elected officials w/ relevant info call

- Sen. Tolson has done great job
getting to bottom of things
- and that done in public,
unlike DOJ investigations

NV - forensic accounting shows we are
by 20K votes

Mark Umiker - NC SC Justice - veteran, scholar

"Ballot drops" changed the election

mtg w/ : Raf S, Wt Cannon (PC+PV), DRAG W/D, SE

12/29/20
